Childhood
CANCER FOUNDATION
CANDLELIGHTERS CANADA

Cancer kills more children than any other disease — asthma, cystic fibrosis, muscular dystrophy, congenital anomalies and pediatric AIDS combined.

In 2004 alone, nearly 30,000 potential years of life were lost to childhood cancers in Canada.

Over 10,000 children in Canada are currently living with cancer.

*The Childhood Cancer Foundation
Canada is the only national charitable
organization dedicated solely to pediatric
oncology and family support.*

*Our mission remains to improve the
quality of life for families experiencing the
effects of childhood cancer through the
funding of the highest quality research,
the provision of information resources,
and support for survivors and
parents in Canada's childhood
cancer community.*
